About the Program

What do we Offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

With the Rugby program, students must choose a minimum of 12 credits from our range of academic courses during a regular semester (spring or fall).

We offer courses in Spanish language, Spanish culture, Liberal Arts and Business among other areas of study. Alongside their studies, they are also placed in the local Sevillian rugby club, "Ciencias" or "UAS" for weekly training sessions and various friendly matches throughout the term. When students arrive, they must first do tryouts with the team, and depending on their level they will then be placed in either the first or second team.

In the spring and fall terms students play Rugby 15 (union rules).

PLEASE NOTE:

The program is open to male and female student athletes.

ACADEMIC PROGRAMS through:

- Universidad de Sevilla.
- EUSA University Center.
- SAIE Center.
