About the Program

What do we Offer

Located in the heart of the bustling city center of Seville, Spain, the Spanish American Institute of International Education (SAIE) is a study abroad program founded in 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

Our Soccer program offers university students, who are playing soccer back home (male and female), the opportunity to study abroad and play soccer in Seville, Spain through the spring.

Alongside their studies, they are placed in a local soccer team with one of the city where our students get to practice with weekly.

What our students say...

"It is moments like this that I will never forget from my time abroad. Un regalo para recordar el club, the President of the Triana Fútbol Club said as she handed me the jersey."

**Chelsea Rangel,
University of Dubuque**

"Playing soccer in Spain was a dream come true in my life."

**Alec Faulkner,
Christopher Newport University**

"The level that this team played at was beyond anywhere I had played in my life."

**Chase Donley,
Lesley University**

"The possession and speed of play was great. The girls were very friendly and helped us understand drills at practice. Also playing in friendly games was great and seeing a different style of play."

**Kia Miller,
Carthage College**

"Futbol here is something that cannot be compared to soccer back in the states."

**Cesar Hernandez,
