SPANISH AND SWIMMING ELITE PROGRAM

SEVILLE - SPAIN

"Your Life Experience; Your Education"

Welcome to SAIE

Swimming Program

What do we offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984.

- More than 35 years experience in international education.
- Your safety, our #1 priority.
- Bilingual staff (Spanish/English).
- Academic excellence.
- Athletic programs with Spanish teams.

Our Swimming program offers university students, who are swimming back home (male and female), the opportunity to study abroad and swim in Seville, Spain on a Spanish swimming team. SAIE has reached a partnership with the swimming club, Club Nautico Sevilla, founded in 1952 in Seville to offer this program.

What our students say...

"I enjoyed getting back into hardcore training, and found myself to be the slowest person in the pool, but it motivated me to go faster which was enjoyable. I also enjoyed practicing my Spanish with the people I met."

Calvin Fagley, Gustavus Adolphus College

"I can't really say anything that I didn't like about this experience! I made friends with the swimmers and was sad to say goodbye to them when the session ended. They were all so friendly and made an effort to talk to me. I had a blast with the swim team. 3 weeks was not long enough! I totally recommend this program to any college student"

Zachary Wallace, Tufts University

ACADEMIC PROGRAM

Swimming program is offered in Session I and II. Students can take a minimum of 3-4 credits per session. Students may participate in one of two four-week summer sessions that we offer, or both (six weeks in total), enrolling in one course in each session.

"I had so much fun at practice, and the 2 hours flew by."

Practice ran just like it would at home-very universalized format. The practices accommodated all different kinds of swimming styles.

I loved the team. It took me a few days, but with the help of the swimmers and coaches, I learned their swimming lingo. I had so much fun at practice, and the 2 hours flew by. I just really loved being in a new environment and training in a completely different setting."

Bailey Brown, Boston College
