Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984.

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.
