STUDY ABROAD SPRING

SPANISH AND ELITE WATER POLO

SEVILLE - SPAIN

- SAIIE -

"Your Life Experience; Your Education"

Welcome to SAIIE

About the Program

What do we Offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

With the Water Polo program, students must choose a minimum of 12 credits from our range of academic courses. We offer courses in Spanish language, Spanish culture, Liberal Arts and Business among other areas of study. Alongside their studies, they are also placed in the local Sevillian water polo team, "Club Waterpolo Sevilla" for 3 weekly training sessions and various friendly matches throughout the term.

WHAT MAKES THIS WATER POLO PROGRAM DIFFERENT AND ELITE?

US student-athletes on this program will be training with the local Spanish players belonging to semi professional teams. Our program gives students the chance to expand their academic experience at the same time as allowing them to continue their development on the pool - a great option for those concerned about sacrificing the important spring season.

ACADEMIC PROGRAMS through:

- Universidad de Sevilla.
- EUSA University Center.
